ABOUT US
The University of Florida Veterinary Hospitals were established in 1979 to provide advanced diagnostics and care to patients of all species, and serve as a clinical teaching environment for the veterinarians of tomorrow.

Our mission is:
“
To provide world class patient care, exemplary client and referring veterinarian communication, and the best possible education for our students and the profession.”

To that end, our vision is to become the world leader in patient care and veterinary education by incorporating our core values of integrity, teamwork, innovation, trust, compassion, accountability and excellence into every interaction we have with our patients, clients and referring veterinarians. Our technical and support staff are essential in maintaining these values everyday.

The UF Veterinary Hospitals are located in Gainesville, FL and are a major veterinary referral center, treating almost 40,000 animals annually from all over the world. Currently the Small Animal Hospital is AAHA Certified and the Emergency & Critical Care service is VECCS Level I Certified.

2089 SW 16th Avenue, Gainesville, FL 32608

GAINESVILLE, FLORIDA

Located in central Florida, Gainesville is a short drive from Walt Disney World, beaches, and the oldest city in the United States, St. Augustine.

GAINESVILLE is rich in culture, history, and diversity. We are surrounded by the natural beauty of parks, lakes, and natural springs which provide opportunities for kayaking, running, hiking, and fishing.

THE UF VETERINARY HOSPITALS are just north of Ocala, known as the Horse Capital of the World. Ocala has approximately 600 horse farms and more than 30,000 horses with easy access to affordable horse boarding facilities.

The University of Florida is an Equal Opportunity Institution. We are committed to fostering a diverse and inclusive environment for our faculty, staff, students and clients.
