**TECHNICAL STAFF**
The UF Veterinary Hospitals operate within the UF College of Veterinary Medicine, offering training to veterinary students and world-class care to our patients. Our technical staff play an important role in providing compassionate patient care all while maintaining communication with our clients and referring veterinarians.

**FROM THE STAFF**

“I enjoy the opportunity to work closely with clients and have a chance to make a difference”

“I like watching students progress and seeing patients go home healthy”

“Great benefits, great facility, and the opportunity for professional growth are the best things about my job”

“I get a lot of hands-on experience with animals and tend to build a connection with them. It’s very rewarding to help them get back on their feet (literally) and go home healthy”

**APPLYING**

All applicants must apply online at jobs.ufl.edu

**GAINESVILLE, FLORIDA**
- Located in central Florida, Gainesville is a short drive from Walt Disney World, beaches, and the oldest city in the United States, St. Augustine.

- Gainesville is rich in culture, history, and diversity. We are surrounded by the natural beauty of parks, lakes, and natural springs which provide opportunities for kayaking, running, hiking, and fishing.

- Gainesville is just north of Ocala, known as the Horse Capital of the World. Ocala has approximately 600 horse farms and more than 30,000 horses with easy access to affordable horse boarding facilities.

- Activities like Team VetMed, a bicycle team that rides for fun and charity, is just one of the many group that welcome new members.
