The University of Florida is committed to offering opportunities for personal and professional growth and hope that you will join us for this year’s continuing education conference. We are excited to offer a full day of lectures and hands on learning featuring advanced topics to enhance your career as a veterinary technician. As technicians, we are the cornerstone of the patient care team and our knowledge and skills are integral to providing excellent care to our patients. We trust you will find this year’s program stimulating and challenging and look forward to seeing you on October 22nd!

Danielle Jonas, CVT
Veterinary Technician Manager
Technician Conference Coordinator

The University of Florida is an approved provider of CE credits for veterinary technicians by the Florida Department of Business & Professional Regulations, Board of Veterinary Medicine. Attendees will receive up to seven contact hours.
### Schedule
